NUTRITICS

Software Quality Assurance Specialist (Full Time), Ireland.

ABOUT NUTRITICS

Since Nutritics launched in 2013, we've quickly become a global leader in the provision of accurate and reliable nutrition management software. We aim to connect food information across the food supply chain so that businesses and individuals can make better informed decisions, driven by accurate and timely data. Nutritics adds value to thousands of forward-thinking businesses in 170 countries around the world across foodservice, food manufacturing, healthcare, education and elite sport. Our clients include the NHS, the English Institute of Sport, Manchester City Football Club, King's College London, Aramark, Compass Group, Leon Restaurants and Starbucks.

By using Nutritics, today's professionals have the best tools available to help their clients make accurate, relevant and actionable food choices.

YOUR MAIN RESPONSIBILITIES

- Execute quality improvement testing and activities and reporting
- Create quality measurements to track improvement in products
- Create tickets in our task manager documenting errors and issues for fixing
- Work closely with the development team for debugging, product improvement & new development
- Perform thorough regression testing when bugs are resolved
- Develop quality assurance standards and company processes
- Adhere to industry quality and safety standards
- Stay up-to-date with new testing tools and test strategies
- Review and implement suitable automated testing activities

THE IDEAL CANDIDATE WILL HAVE

- Excellent attention to detail and problem solving capabilities
- Hold an engineering or similar technical IT background
- At least 2 years experience in the software development process
- Organised and precise, with some project management experience
- Good knowledge of QA methods, tools and processes
- Strong communication skills to effectively document and communicate with coding and wider product team
- Hands-on experience with both white box and black box testing
- Hands-on experience with automated testing tools

MOST IMPORTANTLY

Being a people-focused Company, it's not just about your role. We are equally interested in you. Nutritics' core values are real – they are driven by our CEO and are strongly held by everyone working

here. These values of Career Fulfilment, Honesty & Integrity, No Ego, Customer First, Excellence, Drive and Personal Commitment allow us to retain and develop excellent staff. We want our team to look forward to coming to work every day and this drives our culture and outlook.

OUR BENEFITS

- 24 days annual leave (33 days including Public Holidays)
- Training & Development Programmes
- Sports and Social Club (with optional local gym membership)

WORKING WITH NUTRITICS GIVES YOU

- An excellent remuneration package
- Unparalleled opportunities to a rewarding & diverse career path
- An experienced technical peer group
- Access to on-going training & development

LOCATION & HOURS OF WORK

Nutritics head office is based in Swords, Dublin where you will be predominantly based, however this role will require international travel on a regular basis. The office is an 8 minute drive from Dublin airport, and is well connected to Dublin City centre by the Swords Express and other bus routes. The candidate will be expected to work at least a 37.5 hour week. We operate a flexi time policy and on occasion evening work will be required to service international markets.
